SUBJECT <i>Calif UIC (1425) and other UIC items</i>					
SUMMARY OF COMMUNICATION					
<p>1) ODW has convinced Enf that enforcement program of CDOG is adequate.</p> <p>2) Gilch is working with Calif A.G. on the parent 'shield' issue - resolution not expected to be a problem.</p> <p>3) ODW would like us to remove from the now the discussion regarding the agitator exemptions. While they like what we were able to do they would prefer we handle it by gentlemen's agreement because: 1) the R.A.'s have not been delegated the authority to exempt agitators and 2) there is no provision in the law or regs to allow for the 18 month provision.</p> <p>4) Re Calif 1422 program applications - we projected a formal application by Dec. ODW requests that if possible we hold off until Feb as they expect to be overhauled the 1st quarter. I said we probably could off if the AUSA's dates were not locked in yet. Bultay emphasized the need to be realistic as possible with all our AUSA's dates when we turn them into Compton.</p> <p style="text-align: center;">(continued)</p>
